

What Do Hospitals Teach Us?

Every day around the world millions of people are admitted to hospitals. What does this **FACT** teach us?

This one **FACT** teaches us that the Bible is **NOT** true. If the Bible were true there would be no need for hospitals. In the Gospel of Mark, chapter 16, verse 18 it claims that Christians will be able to “lay their hands on the sick, and they shall recover.” This is **PROVEN** false by all the hospitals that exist.

If this Bible claim was based on reality, it would be incumbent upon every Christian to go into every hospital and heal every sick and injured person. Can you imagine how many people would become Christians if this really happened? Virtually the entire world would be Christian! However, this Bible claim is false, as we all know when we apply our God-given reason to it. Because it is false, because it is a lie, Christians do not clear out the hospitals with their healing powers! Every time we see a hospital or a doctor’s office or hear an ambulance, we **KNOW** the Bible is false.

Does the **FACT** that the Bible is not true, that it is not the word of God, mean there is no God? Of course not! Just look around you! There are laws of nature in play all around you and inside you! These laws of nature demonstrate a design, which means there is a Designer of nature, what many people call God. These designs in nature include everything from gravity to evolution.

Belief in God based on our God-given reason and the designs found throughout nature is called Deism. For a free information packet on Deism write us at: World Union of Deists, P.O. Box 4052, Clearwater, FL 33758, USA or visit us on the web at www.deism.com
